REPORT OF CEMETERY TRUSTEES

During 1950 we were fortunate to acquire a 6-acre tract of land adjacent to the cemetery which will provide approximately 150 new lots. Only a few desirable lots remain unsold in the present cemetery and this additional space was badly needed. The land was purchased from Gladys Mansfield and Doris Newell.

This new property contains about 2 acres of field and the rest is woodland with a good stand of pine. The 2-acre portion has been surveyed into blocks of 10 lots each and a map of the survey is in preparation. Part of the survey is laid out in half lots to be sold at \$15 each. Full sized lots are \$25. These prices were established many years ago and have remained unchanged. The surface of the new yard has been cleared of boulders and the stonewall between it and the present cemetery has been removed. The roadway has been extended and located so that all future lots may be easily reached. It joins the main highway near the southern end of the new property. Preparation of this new portion of the cemetery has cost about \$300 and it will be necessary to spend another \$200 this summer to smooth the land and grass it over to prevent soil erosion.

Considerable work had to be done last year on the roads in the present yard in addition to regular maintenance, and working funds were stretched to the limit. In recent years, cemetery income has been cut in half while expenses have risen with the times. As lots are sold, the purchaser is urged to provide for perpetual care. The usual amount placed in trust for this purpose is \$100 and only the income is used for upkeep of the lot. Twenty-five years ago trust funds could be invested to yield an annual return of 5%. Thus, for each \$100 held in trust, the cemetery could expect to receive \$5 which would, in turn, provide about 15 hours of labor. Today, the picture is entirely different in both respects. At only $2\frac{1}{2}\%$ interest, currently being paid, income from the same \$100 invested will buy less than 3 hours of labor.

This tremendous reduction of net buying power is a serious handicap which must be recognized. It has been only

partially met through the increased use of labor saving tools and income from the sale of lots. Although helpful, neither of these measures can be expected to continue carrying the entire load. To properly care for the cemetery under present conditions, additional funds must be raised annually to supplement our greatly reduced buying capacity.

SCHOOL WARRANT

To the Inhabitants of the School District in the Town of New Boston qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 9th day of March, 1950, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will vote to form a co-operative elementary and/or secondary school district with the school districts of Amherst, Brookline and Hollis, according to Laws of 1947, Chapter 199, as amended.
10. To see if the district will vote to construct and equip a new four-room elementary school building.

11. To see if the district will vote to adopt the Merrimack Valley Plan of unit construction and to construct and equip one or more school house units.

12. To see what sum of money the district will vote to raise and appropriate for new school house construction, for the purchase of land and the equipment of such school building, as provided for in Article No. 9 or No. 10 or No. 11. and in order to furnish such funds, to authorize the School Board to issue serial bonds or notes, maturing not longer than 20 years from date of issue, in accordance with the provisions of the Municipal Bond Act, New Hampshire Revised Laws of 1942, Chapter 72, and Chapter 156, Laws of 1947.

13. To see if the District will vote to authorize the School Board to execute any and all contracts or agreements necessary, proper and advisable in connection with any article embraced in this warrant.

14. To see if the district will vote to remove monies previously placed in the hands of the trustees of trust funds, and appropriate same for the purchase of land, for the construction and equipment of an elementary school, or school unit.

15. To see what sum of money the district will vote to raise and appropriate as a capital reserve fund for the construction of an elementary school building, said funds to be placed in the custody of the trustees of trust funds and reserved for the construction of an elementary school in accordance with the Laws of 1943, Chapter 160 as amended by the Laws of 1945, Chapter 35 and Laws of 1947, Chapter 8.

16. To transact any other business that may legally come before said meeting.

Given under our hands at said New Boston this 14th day of February, 1951.

ROBERT O. BEZANSON,
EVELYN BARSS,
FREDERICK L. MOSS,

School Board.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

The annual report of your superintendent will concern itself with (1) the school year 1950-51, (2) the classroom needs of the schools, and (3) the 1951-52 warrant.

THE SCHOOL YEAR 1950-51

The school year 1950-51 opened with several changes in our teaching staff. Mr. Alexander Aliapoulios, teacher of mathematics and science for the past two years, became principal of the High School, replacing Mr. Carroll Sanderson. Mr. Sanderson's work in Agriculture was taken over by Mr. Robert Buzzell, a graduate of the University of New Hampshire. Mr. Buzzell, however, who began work on July 1, was called into the armed services on August 28. Mr. Neal Andrew, also a graduate of the state university, was engaged as instructor in agriculture.

Miss Annette Ouellette of Salem, Mass., who had previously taught in Wolfeboro, was secured to replace Miss Sallie Ramsey in Home Economics.

Mrs. Grace Rainey was moved to the Community House as teacher of the fourth grade, replacing Mrs. Althea Sanderson who resigned. Mr. John White took over grades 5 and 6, as well as the coaching of the high school basketball team.

CLASSROOM NEEDS

For the past ten years the district has discussed various plans to increase our classroom facilities. Unfortunately no unanimity of opinion has developed and we now find ourselves with a problem which demands immediate solution.

Our pre-school census figures, together with our present enrollments indicate the following number of pupils:

School Year	Grades 1-6	Grades 7-12	Total
1950-51	131	70	201
1951-52	142	70	212
1952-53	147	76	223
1953-54	146	98	244
1954-55	153	113	266
1955-56	162	120	282

Two conclusions are obvious from the above figures,—(1) we face an increase of 40% in our school population in the next five years, and (2) we have no available facilities to house the 81 additional pupils who will come to us during that period.

At the school meeting of 1950 a committee of seven (including the school board) was appointed to determine the future needs of the schools and to bring in recommendations to the 1951 meeting. The committee is presenting four major plans for your consideration: (1) the formation of a co-operative high school to include all pupils in grades 7-12 in Amherst, Brookline, Hollis and New Boston, (2) the erection of a new elementary plant of four rooms (which ultimately will have to be increased to six rooms, (3) the educating of certain of our upper high school grades in neighboring towns on a tuition basis, and (3) the development of the "campus school plan," in which individual one-room buildings would be constructed as needed.

Your committee has concerned itself not only with the educational advantages of each of the several plans, but also with the operational costs and capital outlay. From an educational standpoint, plans No. 1 and No. 3 provide a richer high school program than the other plans, for our local high school will never be of sufficient size to offer a complete program of courses as provided in larger schools. Plans No. 1 and No. 2, and to a lesser degree Plan No. 4, call for capital outlay on the part of the district.

It is difficult to directly answer the question, "which plan is best for New Boston?"—each has its advantages and disadvantages. If we are definite in our desire to continue a twelve-year program for the next decade or two, regardless of a sacrifice in program, undoubtedly the "Campus Plan" has much to warrant serious consideration. It is within our means to provide, it does not involve a large investment at one time, nor does it provide more than actually needed as of the moment. It is true, however, that such an arrangement does not offer as much educational flexibility or joint usage as a centralized school.

THE 1951 WARRANT

Your warrant includes articles for action on new construction on a local basis (either a new four-room building or a unit of the Campus Plan). Financing of either plan is also

included. Also included is an article to determine the desire of the district for the creation of a cooperative school district. In order to send our high school pupils to other towns on a tuition basis, it would be necessary to petition the Superior Court for permission to discontinue our high school.

Respectfully submitted,

LEWIS F. FOOTE,
Superintendent of Schools.

REPORT OF THE SCHOOL NURSE

At the beginning of the school year, September, 1949, about 180 pupils were examined by Dr. Fraser the school physician. Dr. Snay later examined those who wished to play basketball in the absence of Dr. Fraser. The number of pupils affected and the number of defects corrected is as follows:

Defective vision	15	Number of defects corrected	12
Defective teeth	120	Number of defects corrected	50
Diseased tonsils	10	Number of defects corrected	6

In the spring of 1950 there were 21 cases of Chicken Pox, 39 cases of German Measles and 47 cases of Mumps. In the fall of 1949 there were two Polio cases. These two have a check up regularly at the orthopedic clinics at the Elliott Hospital. Two others also take advantage of this clinic, and one boy visits the Shrine Hospital annually. In May, 70 children received the Patch test. All were found negative to tuberculosis.

I would like at this time to say that I think the teachers and parents should be given credit for recognizing and reporting communicable diseases, thus keeping diseases at a minimum in our schools, and I do appreciate their co-operation so much.

Since September 12, 1950 the State Board of Health's Mobile chest X-ray unit has been parked on Elm Street in Manchester. This mass X-ray survey is free to all young people 15 years and over and to all adults. I have asked that this trailer be brought to Goffstown thus giving those in Goffstown, Weare, Dunbarton and New Boston an opportunity to have this screening test, but I was told that these towns were too near Manchester and Concord, and that if our people were interested they could easily take advantage of this program in either of these two cities.

In June, 1950 we had "open house" for those children who were to enter school for the first time in the fall. A party

at school with orange juice and cookies, a chance to visit their school room and meet their teacher goes far toward easing the strain of their entrance in September.

Vision and hearing tests were given at this time.

51 home visits were made during this period.

EDITH G. WALKER,
School Nurse.
